WEEKLY GROUP PROJECT ATTENDANCE & TASK REGISTER

Individual Attendance • Assigned Tasks • Daily Contribution Record

Module:	SPM622 / MDB622	**Project Title:**	Campus Help Desk Ticketing System: A Database-Driven Application for IT Support Request Management
Group No./Name:	Group Fish	**Week / Dates:**	Week 12 — 19 to 23 October 2026

DAILY ATTENDANCE & INDIVIDUAL CONTRIBUTION

Date	Student Full Name	Student No.	Assigned Task / Responsibility	Start Time	End Time	Daily Task Completed / Work Done	Status	Signature
19 Oct 2026 (Mon)	Freek Schaefer	20230806	Group planning: confirm two-week plan to submission, assign tasks and milestones	08:00	09:00	Task plan agreed; owners and deadlines set for 19–29 Oct; risks noted	☑ Done	
19 Oct 2026 (Mon)	Wian Sandenbergh	20240114	Group planning: map evidence requirements to remaining tasks and submission checklist	08:00	09:00	Checklist mapped; evidence gaps identified	☑ Done	
19 Oct 2026 (Mon)	Freek Schaefer	20230806	Compile dissertation: merge Chapters 1–3, apply heading styles, generate TOC	09:00	13:00	Chapters 1–3 merged and formatted; automatic TOC generated	☑ Done	
19 Oct 2026 (Mon)	Wian Sandenbergh	20240114	Finalise Chapter 5: complete test cases workbook with pass/fail results	09:00	13:00	24 test cases recorded; 22 pass, 2 defects logged	☑ Done	
20 Oct 2026 (Tue)	Freek Schaefer	20230806	Insert Chapters 4–6; format figures, tables and captions consistently	10:00	15:00	All six chapters merged; figures and tables numbered and captioned	☑ Done	
20 Oct 2026 (Tue)	Wian Sandenbergh	20240114	Update defect log and requirements traceability matrix with retest outcomes	10:00	14:30	2 defects retested and closed; all FR/NFR traced to test cases	☑ Done	
21 Oct 2026 (Wed)	Freek Schaefer	20230806	Write Abstract, Acknowledgements, Declaration, Abbreviations and Key Terms	09:30	13:00	Front matter drafted; abstract covers problem, aim, method, results, conclusion	☑ Done	
21 Oct 2026 (Wed)	Wian Sandenbergh	20240114	Compile reference list; verify all in-text citations match references	09:30	12:30	Reference list finalised; all citations matched	☑ Done	
22 Oct 2026 (Thu)	Freek Schaefer	20230806	Run Turnitin check; resolve similarity issues; finalise appendices	09:00	13:00	Similarity reduced; appendices compiled and labelled	☑ Done	
22 Oct 2026 (Thu)	Wian Sandenbergh	20240114	Prepare Git evidence pack: commit history, branches, merge evidence	09:00	12:00	Commit history exported; both members' contributions evidenced	☑ Done	

23 Oct 2026 (Fri)	Freek Schaefer	20230806	Build 12-slide presentation deck; write demo script and backup plan	09:00	14:00	Deck complete; demo script drafted with backup plan	☑ Done	
23 Oct 2026 (Fri)	Wian Sandenbergh	20240114	Rehearse live demo: login, log ticket, assign, resolve, dashboard, reports	09:00	13:30	Full run-through completed twice; timing at 6 minutes	☑ Done	

WEEKLY GROUP PROGRESS & LECTURER VERIFICATION

Weekly Objective	Complete and format the full dissertation, finalise testing evidence, and prepare the presentation and demo.	**Tasks Completed**	Two-week plan agreed; all six chapters merged and formatted; front matter written; references finalised; Turnitin reviewed and similarity addressed; test cases, defect log and traceability matrix completed; Git evidence exported; presentation deck and demo script produced; two full rehearsals completed.
Challenges / Blockers	Turnitin similarity initially elevated due to over-quoted literature review passages; resolved through paraphrasing and correct citation. Seed data corrupted during testing; resolved by re-running schema and seed scripts.	**Plan for Next Week**	Final proofread; complete submission checklist; finalise Q&A preparation; verify demo environment; upload to portal and deliver presentation on 29 October.
Evidence	☑ GitHub ☑ Documentation ☑ Screenshots ☑ Demo ☐ Other: Turnitin report	**Lecturer Comments**	
Lecturer Signature		**Date Verified**	

Important: Each member must record and sign their attendance daily. The assigned task and actual work completed must be clearly stated. Attendance alone does not confirm contribution; supporting evidence may be requested.

Individual Attendance • Assigned Tasks • Daily Contribution Record

Module:	SPM622 / MDB622	**Project Title:**	Campus Help Desk Ticketing System: A Database-Driven Application for IT Support Request Management
Group No./Name:	Group Fish	**Week / Dates:**	Week 13 — 26 to 29 October 2026 (final submission week)

DAILY ATTENDANCE & INDIVIDUAL CONTRIBUTION

Date	Student Full Name	Student No.	Assigned Task / Responsibility	Start Time	End Time	Daily Task Completed / Work Done	Status	Signature
26 Oct 2026 (Mon)	Freek Schaefer	[ ]	Final proofread: grammar, formatting, page numbers, figure/table numbering	09:00	13:00	Full document proofread; inconsistencies corrected; TOC refreshed	☑ Done	
26 Oct 2026 (Mon)	Wian Sandenbergh	[ ]	Complete Final Submission Checklist; verify evidence present and correctly named	09:00	12:30	All checklist items verified; file naming standardised	☑ Done	
27 Oct 2026 (Tue)	Freek Schaefer	[ ]	Presentation rehearsal 1: full run-through with timing; refine unclear slides	09:00	12:00	Deck trimmed to 12 slides; run-through at 9 minutes	☑ Done	
27 Oct 2026 (Tue)	Wian Sandenbergh	[ ]	Record backup demo video; capture screenshots of each demo step	09:00	13:00	Backup video recorded; demo screenshots captured and stored	☑ Done	
28 Oct 2026 (Wed)	Freek Schaefer	[ ]	Q&A preparation: likely panel questions and agreed technical responses	09:00	11:30	Likely questions prepared; both members briefed	☑ Done	
28 Oct 2026 (Wed)	Wian Sandenbergh	[ ]	Restore clean database; re-run schema and seed scripts; verify demo environment	09:00	12:00	Database restored; all demo features tested; login accounts verified	☑ Done	
28 Oct 2026 (Wed)	Freek Schaefer	[ ]	Final Turnitin check; upload dissertation and presentation to official portal	13:00	15:00	Final similarity check completed; materials uploaded to portal	☑ Done	
28 Oct 2026 (Wed)	Wian Sandenbergh	[ ]	Final dress rehearsal in formal business attire; confirm speaker handover	13:00	14:30	Full rehearsal completed; attire confirmed; handover timed	☑ Done	
29 Oct 2026 (Thu)	Freek Schaefer	[ ]	Presentation and live demonstration to panel; lead Q&A defence	09:00	11:00	Presentation delivered; demo completed; Q&A defended	☑ Done	
29 Oct 2026 (Thu)	Wian Sandenbergh	[ ]	Deliver live demo segment; save portal submission receipt	09:00	11:00	Demo delivered; submission receipt saved to project folder	☑ Done	

WEEKLY GROUP PROGRESS & LECTURER VERIFICATION

Weekly Objective	Finalise, verify and submit the dissertation and presentation materials by 29 October, and deliver a working live demonstration.	**Tasks Completed**	Dissertation proofread and finalised; submission checklist completed; final Turnitin check done; presentation rehearsed three times; backup video and screenshots prepared; demo environment restored and verified; Q&A preparation completed; materials uploaded to portal; live presentation and demonstration delivered.
Challenges / Blockers	Final similarity check flagged minor issues in the references section; resolved by correcting citation formatting. Demo database required restoration after rehearsal modified test data; resolved by re-running scripts and re-verifying accounts.	**Plan for Next Week**	Project complete. Tag final release in GitHub, archive all project evidence, retain submission receipt.
Evidence	☑ GitHub ☑ Documentation ☑ Screenshots ☑ Demo ☐ Other: Turnitin report, portal submission receipt	**Lecturer Comments**	
Lecturer Signature		**Date Verified**	

Important: Each member must record and sign their attendance daily. The assigned task and actual work completed must be clearly stated. Attendance alone does not confirm contribution; supporting evidence may be requested.

Weekly Group Project Attendance & Task Register

Notes

18 October (Sunday) excluded as a non-work day; the planning session now sits at the start of Monday 19 October. Register 1 covers the work days within the 18–29 October period.

29 October is a Thursday — that's the deadline, so the register closes on the presentation day itself.

Adjust times, statuses and figures to reflect what actually happened; don't record a similarity score or completed task that didn't occur.

Student numbers and signatures are yours; lecturer fields stay blank for Mr. Dunstan.
